12 October 2026

Dear Parent/Carer

The Year 11 Virtual Parent Teacher Consultation evening is scheduled to take place on **Monday 2 November 2026.** As in previous years, this event will be hosted online via our schoolcloud Parents' Evening system. The evening will run **from 3.15 pm to 7.00 pm.** Please ensure that your child is present at the online meeting with you - the event is about them, what they are doing well and what they need to improve upon, so it is vital that they hear it first hand. Each appointment slot will last 5 minutes.

Please access the booking system by using the following link https://hayfield.schoolcloud.co.uk/. You will be required to provide your personal details and those of your child in order to set up an account through which you can then book your appointment time. A video guide to help you book your appointment is accessible via the following link: Parents Evening Booking - The Hayfield School

This guide can also be accessed via the parents/carers tab on the school website, and selecting 'Parents Evening Booking' from the drop down menu. If you require any help setting up your account please contact the school reception. In order to give fair and equitable access to working and non-working parents/carers, the booking system will open at **6.30 pm on Monday 19 October 2026 and remain open until 10.00 am on Monday 2 November 2026** - the day of the event.

Please note that appointments remain on a first come, first served basis. For a small number of students we have pre-booked appointments. If you notice this when you log in and are happy with the allocated times there is nothing more to do, simply attend at the allocated time. If they are not suitable please contact the school office and ask for Mr Lambert. Please remember that once your preferred time slots for the subjects studied by your child are booked, you can log in to the booking system using the account you have created to view your appointments ahead of the event.

At this stage of Year 11, with Mock Exams beginning on 30 November, we will be encouraging students to prioritise revision over the October half-term break and during the lead up to exams throughout November. To aid independent revision your child has access to a virtual 'Google' classroom for every subject containing presentations, slide shows and resources used throughout the course. There are also comprehensive revision resources, revision videos and past papers available there too. Furthermore, to support revision we have a Revisewise (please click link) section on the school website that provides information, leaflets for students and parents/carers, as well as videos on our recommended techniques. These are quizzing; spacing; elaboration; chunking; metacognition and flashcards. BBC Bitesize is particularly good at supporting the 'chunking' of revision for science. Students also have online access to Sparx maths, whilst English operate a Google classrooms based 'on demand' revision system, where every Monday new resources and revision tasks are published. We also have after school revision clubs for English (Tuesday), Maths (Wednesday), Science (Thursday) and quiet, supervised after school 'prep' until 5.00 pm (Thursday).

We thank you in advance for your support.

Yours faithfully

B D R
